

Office Party Desk Object Memory Challenge

4-20 players | About 15 minutes | Adults and teens

PRINT & PREPARE

Print one host object checklist and one recall sheet per player. Print single-sided on US Letter at 100% (actual size). For A4, choose Fit. Cut only pages labeled cut-out cards; dotted borders are cutting guides. Adults handle cutting.

GATHER

Tray, Office supplies, Paper, Pencils.

SET UP

Gather 15 ordinary objects on a tray and cover them with a cloth. Use items without private information or company data.

HOW TO PLAY

1. Reveal the tray for one minute. Everyone looks silently without taking notes.
2. Cover it and give players two minutes to write down as many objects as they remember.
3. Show the tray again and award one point per correct object. Brand names and exact colors are not required.
4. For a second round, remove three objects while players look away. Give one point per correctly identified missing object.

ADAPT IT

For remote teams, show a clear still image of your own safe objects, then stop sharing it during recall.

HOST NOTE

Use a separate shared image or tray, never a real employee desk with visible documents. Keep participation optional.

Host object checklist

Host only. Use safe objects without private information. Cover them before players write.
