

Halloween Mystery Drawing: A Funny Monster Game

3-12 players | About 20 minutes | Ages 6+

PRINT & PREPARE

Print one fold-and-pass sheet per player; optional idea cards help start the drawing. Print single-sided on US Letter at 100% (actual size). For A4, choose Fit. Cut only pages labeled cut-out cards; dotted borders are cutting guides. Adults handle cutting.

GATHER

Drawing paper, Washable markers.

SET UP

Give every player a sheet of paper and a marker. Fold each sheet into three horizontal sections. Agree that the top section is the head, the middle the body, and the bottom the legs.

HOW TO PLAY

1. Everyone draws a monster head in the top third, extending two tiny neck lines just into the next section.
2. Fold the drawing backward to hide the head, leaving the guide lines visible. Pass the paper to the left.
3. Draw a body from the neck lines and extend two leg guide lines into the bottom section. Hide that section and pass left again.
4. The final player draws the legs. Unfold the creatures together and give each a name. This is a cooperative activity with no scoring.

ADAPT IT

For younger children, use two sections instead of three. For adults, add a fourth section for a wildly impractical hat.

HOST NOTE

Use scrap paper for a practice fold. Do not announce a best artist; the unexpected combinations are the point.

Monster inspiration cards

Cut along the dotted borders. Fold cards if prompts should stay secret.
